Forecast For Wales
Issued by Met Office Exeter
at 1600 on Tuesday 10 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Unsettled for many but chance of sunny spells.

This Evening and Tonight:
Showers easing in the evening leaving a dry night for most. Chance of mist and fog developing over high ground, but some clear spells. Potential for rain in the far west of the country in the early hours. Minimum temperature 11 deg C (52 deg F).

Wednesday:
Rain and cloud pushing further east into the country as the day progresses with the potential for some heavy outbursts. Skies clearing for many resulting in a largely dry night. Maximum temperature 20 deg C (68 deg F).

Outlook for Thursday to Saturday:
Plenty of fine weather expected on Thursday. A dry start on Friday but increased chance of rain in the afternoon. More rain, potentially heavy, moving in on Saturday.
